The diagram illustrates a 'Wireless Network Mapper' interface. It features a central table with five rows. The first row is labeled 'Unrecognized Device 1'. The second row contains the name 'Nguyen'. The third row is labeled 'Steve's Notebook'. The fourth row is labeled 'Unrecognized Device 3'. The fifth row contains the name 'M. Smith PDA'. Below the table, there are two buttons: 'Broadcast Self-Identifier' on the left and 'Nudge Selected Device' on the right.
